N.B.—The reason of so few discharges of bills of sale, &c., being registered is mainly owing to the difficulty of proving the certificate of satisfaction as required by the Act (No. 8 of 5th Vic.), viz., the acknowledgment by the mortgagee of his signature to the certificate of satisfaction or proof of execution by said mortgagee by one of two witnesses upon affidavit before the Registrar-General or his deputy. For this reason the greater portion are allowed to lapse.

a In October, 1870, the duty on beer was raised from 6d. to 9d. per gallon. *b* In October, 1870, the duty on coffee was raised from 1d. to 2d. per lb.; and in September, 1876, was again raised to 3d. per lb.

c In October, 1870, the duty on dried fruits was slightly reduced from 10s. per cwt. to 1d. per lb., but was raised to 2d. per lb. in September, 1876.

d The duty on hops was 2d. per lb. for the whole of the above period, until September, 1876, when it was raised to 3d. per lb.

e The duty on spirits has not been altered, except that, from October, 1870, no allowance has been made for underproof, and reputed gallons have been charged as such; but these alterations would not account for any very great portion of the increased revenue.

f The duty on sugar, although altered for a time from 3s. per cwt. to 2s. 9d. per cental, has remained about the same. *g* The duty on tea has been 3d. per lb. throughout.

h In October, 1870, the duty on manufactured tobacco was raised from 1s. 6d. to 2s. per lb., and on cigars and snuff from 4s. to 5s. per lb.

i In October, 1870, the duty on wine in wood was raised from 2s. to 3s. per gallon, and in September, 1876, from 3s. to 6s. per gallon on sparkling wine, and to 4s. per gallon on all others.

* Loan raised by Colonization Commissioners. † Aid from Imperial Government. ‡ Aid to Revenue by issue of Bond and Treasury Bills.
§ Immigration ceased in these years.

NOTE.—Prior to 1851, all remittances to the Land and Emigration Commissioners were carried to account by the Colonial Treasurer as sums *expended* on Immigration, and the receipts in England by the Land and Emigration Commissioners were never included in the accounts of the Colony—an adjustment of accounts was, however, made in the year 1853.

* The inmates comprised in this return may be classed as follows, namely—Aged and infirm, sick and deserted children. No able-bodied person is at any time admitted into the Destitute Asylum.

† All the male adults specified in this return were relieved in consequence of sickness, on a medical certificate. Many of the females received out-door relief from similar causes. The remainder, with the whole of the children enumerated in the table, were relieved in consequence either of the death of the husband, or the desertion of the family by the husband.

These numbers include the relief granted in country districts through the auxiliary Boards, which are not included in any previous year in the above returns.

J. M. SOLOMON, Acting Chairman Destitute Board

* The amounts in this column are made up of Customs duties, exclusive of duties on the export of gold, drawbacks, &c.; also of excise duties, including licenses imposed for revenue purposes; stamps, other than those for fees of office; legacy, succession, and probate duties; property and income taxes; and any other impost, payable to the General Government, levied distinctly as a tax; but excluding fees, charges, and licences for special services rendered.

† In calculating these amounts the average population of Victoria during the year ended 30th June, 1876 (822,231), and the population of Queensland on the 1st January, 1876 (181,288), have been taken. For the other Colonies the mean populations shown in the last column of Table I. have been used.

‡ According to the Treasurer's Finance Statement, which was laid before Parliament whilst this document was going through the press, the returns for Victoria during the year ended 30th June, 1877, were as follows:—Revenue raised by taxation, £1,770,632; revenue not so raised (including recoups £210,139), £2,953,245; total revenue, £4,723,877; total expenditure, £4,358,096. The estimated mean population during the same period was 839,493; therefore the revenue per head was £5 12s. 6½d.; the expenditure per head was £5 3s. 10d.; and the taxation per head was £2 2s. 2d.

Grand Total	59,890,198	24 16 0½

* In calculating these results the populations on the 31st December shown in the fifth column of Table I. have been used.

† On the 30th June, 1877, the Public Debt of Victoria was the same as on the 31st December, 1876, but the estimated population had increased to 849,021. The amount of indebtedness per head was thus reduced to £20 0s. 0d.

‡ The "Accrued Sinking Funds" of New Zealand amounted at this date to £1,280,056. These consist of sums set aside annually for the liquidation of the Public Debt. A large portion of the money has been invested in the various debentures forming part of the debt, and thus so much of the debt may be said to have been already paid off. According to the Treasurer's Finance Statement the debt on the 30th June, 1877, amounted to £20,618,111.

* Consisting of 173 miles of double and 546 miles of single line. Of the former 0¾ miles, and of the latter 7¼ miles, were the property of the Melbourne and Hobson's Bay United Railway Company. All the remainder belonged to the State.
† The number of miles of telegraph line in New South Wales was not returned, but only the miles of wire. The former has therefore been estimated according to the proportion the line bears to the wire in Victoria, Queensland, and South Australia.
‡ The number of miles of wire in Western Australia has not been returned. It has therefore been assumed to be equal to the number of miles of line. ‖ Includes a private line of railway of 5½ miles in length, the property of the British and Tasmanian Charcoal Iron Company.
§ Includes 122 miles of line, or 133 miles of wire, the property of the Tasmanian Main Line Railway Company, but available for use by the public. ¶ Surveyed only.

* The figures for Victoria do not include land of which the purchase was not completed, which at the end of 1876 amounted to 6,463,148 acres. The figures for New South Wales and South Australia do include such land, but the area has not been given. Portion of this land in the last-named Colonies might revert to the Crown in consequence of non-fulfilment of conditions, &c.
† To compute the amounts in these columns the money realized has been divided by the sum of the acres granted and sold. The amounts therefore express the average price realized for all the land parted with, including not only that for which money was paid, but that which was granted without payment.
‡ In Victoria the land in process of alienation is included under this head. See note (*).
‖ Including an amount of £6,884,362, which represents the estimated balance due at the end of 1876 on land in process of alienation. Including balances of payments due for lands sold on credit, which amounted at the end of 1876 to £2,957,929.

Note.—Where *a* occurs the information has not been furnished, or is incomplete.

Table X.—Agricultural Statistics, 1876-7.—Land in Cultivation.

*** The Agricultural Statistics in most of the Colonies are collected in the months of February and March of each year. The present returns are for those months of 1877. In calculating the rates of tillage per head the population on the 31st December, 1876, has been taken.

† In addition to crops sown for the purpose of being cut green for cattle this column contains the following areas laid down in permanent artificial grass in the Colonies named :—Victoria, 333,751 acres ; Queensland, 7,291 acres ; South Australia, 21,949 acres ; Tasmania, 113,571 acres.

‡ In the returns of some of the Colonies this column embraces land in fallow as well as land under crop. The following are the areas in fallow included in the returns of such Colonies :—Victoria, 84,159 acres ; South Australia, 264,101 acres ; Tasmania, 21,532 acres ; New Zealand, 257,954 acres.

‖ Including 795 acres under beet, carrots, parsnips, turnips, and cabbage, which produced, 5,199 tons ; 1,285 acres under mangel wurzel, which produced 15,386 tons ; 1,479 acres under tobacco, which produced 14,413 cwt. ; 1,993 acres under grass seeds, which produced 29,249 bushels, &c.

⁂ Including 6,756 acres under sugar-cane, which produced 10,523,520 lbs. of sugar ; 53 acres under arrowroot, which produced 86,458lbs. ; and 333 acres under tobacco, which produced 2,440 cwt.

¶ Including 13,690 acres under sugar-cane, 119 acres under arrowroot, 59 acres under tobacco, 573 acres under cotton, 345 acres under bananas, 151 acres under pineapples, &c.

** In the figures for New Zealand the land under permanent artificial grass, amounting to 2,152,885 acres, is not included in the land under green forage and in the total area under tillage, as in the other colonies. Were it so included it would bring the land under green forage up to 2,185,344 acres, the total land under tillage up to 2,940,709 acres, and the land under tillage per head of population up to 7·37 acres.

* Where asterisks occur the information has not been furnished.

[1] For later information respecting the population of three of the colonies *see* footnotes to Table I., *post*.

[2] The Revenue and Expenditure of Victoria in all the years specified, and of Queensland in 1876, are for the twelve months ended 30th June. In other instances the information relates to the years ended 31st December. For later information respecting Victoria *see* footnote (‡) to Table IV., *post*.

[3] For information respecting the Public Debt of two of the colonies to 30th June, 1877, also respecting the "Accrued Sinking Funds of New Zealand," *see* footnotes to Table V., *post*.

[4] The miles of Telegraph Line in New South Wales in all the years, and in South Australia in all the years except 1876, have been estimated from the miles of wire, which alone were returned. *See* footnote (+) to Table VIII., *post*.

[5] In making returns of lands sold, and amounts realized therefor, the colonies have not adopted a uniform principle. *See* footnotes to Table IX., *post*.

[6] The figures of 1877 include, for the first time, the balance due for South Australian lands sold on credit. The figures of the former years do not express the full amount for which such lands were parted with.

[7] Including beans and peas.

[8] Including land under permanent artificial grass in all the colonies except New Zealand. *See* footnotes († and **) to Table X., *post*.

[9] Including land in fallow. *See* footnote (‡) to Table X., *post*.

[10] The produce of crops in Queensland has not been returned for any year except 1873. It has therefore been calculated for the other years upon the average per acre of the same crops in New South Wales.

[11] In the New Zealand returns the land under permanent artificial grass, which in other colonies is classed with green forage, is not considered as under cultivation *See* footnote (**) to Table X., *post*.
